PRESIDENT'S MESSAGE

The Fall Season is officially here but that does not change what we are doing as The Kenmore Board of Trade. Our mission and purpose is to promote and encourage businesses in our community through networking and working with the City and County to get needed improvements.

You will notice that Heminger School has been demolished to make room for Kenmore Place, a 40 unit senior project on Kenmore Boulevard. This will be a big improvement in our village, and we helped accomplish it.

The City of Akron has moved their part of the financing of the Clock Tower Project to next year. That is not what we wanted but it will give us more time to raise additional funds. When this project is completed it will add some character to the Boulevard in our village.
