## “BRINGING BUSINESS BACK HOME”

### PRESIDENT’S MESSAGE

Greetings to All!

It’s bad luck and silver-lining time.

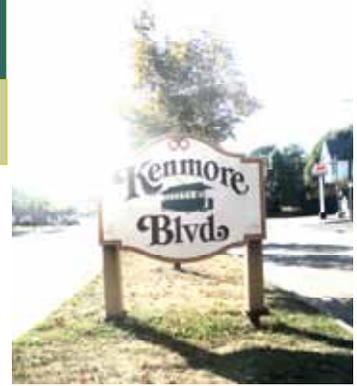

Not sure what the subject for this newsletter was going to be this month, but it got lost in the shuffle of dealing with an auto accident.

I was on my way to my store (*Kenmore Komics & Games*) last Wednesday, when while making a left-hand turn onto Main Street I got struck by a flashy red car who ran the red light. That’s not what he told the police, mind you. He accused me of running the red light, but a very good Akron Police Officer took the extra time to find a camera that saw the accident, and sure enough this guy ran the red light and hit me. At 30 miles an hour no injuries (hence the silver-lining), but still a lot of time taken out of my past week as I dealt with insurance companies, collision repair services, and rental cars.

So, here we have a hastily produced newsletter and my apologies that information about our next “Meet & Greet” and new Energy Program will have to wait for a better time to be presented to you.

Thanks for listening!

John Buntin Jr, President
